6. **ASSEMBLEDGE+ CONTEMPORARY/ MODERN ARCHITECTURE**

Transparency and fluidity are two of the key characteristics of this single-story Los Angeles home comprised of three pavilions connected by a series of glass bridges with a minimalist palette and a series of outdoor rooms punctuated by a 40-foot-long pool.

7. **LAURA U INTERIOR DESIGN BEST USE OF COLOR**

Bold shades and dramatic patterns are deftly combined in this lively Houston high-rise, where custom furnishings marry harmoniously with vintage pieces and each separate room is linked by a "color friend" that maintains a seamless look throughout.

8. **MIKE SHIVELY ARCHITECTURE CLASSIC/ TRADITIONAL ARCHITECTURE**

This fresh take on a Shingle-style home in Winnetka, Illinois, features defined rooms in the front of the house with flowing overlapping family spaces at the rear, all of which access the yard and its striking park-like setting.

9. **SURROUND ARCHITECTURE BATHROOM**

Simplicity of form and material palette was key to creating this experiential bathing pavilion in a downtown Denver residence, where a teak Japanese-style soaking tub is a peaceful spot for taking in the changing natural light.

10. **HAYLEY MAUREEN INTERIOR DESIGN KITCHEN**

Whimsy meets serious design in a Chicago combined kitchen-living space with neutral porcelain floors, solid counter surfaces and cabinetry that allow colorful pillows, rugs and artwork to stand out.

ASSEMBLEDGE+: MATTHEW MILLMAN, LAURA U INTERIOR DESIGN: KERRY KIRK, MIKE SHIVELY ARCHITECTURE: MIKE SCHWARTZ, SURROUND ARCHITECTURE: COURTESY SURROUND ARCHITECTURE, HAYLEY MAUREEN INTERIOR DESIGN: TONY SQUIR PHOTOGRAPHY.
